

**Board Appointment Process
Guide for Potential Governors**

1. Introduction

The Colchester Institute Board is always keen to hear from members of the local community who are interested in being a governor. We hope you find this brief guide to the appointment process useful.

The Governors of further education colleges are non-executive volunteers with specialist skills and knowledge and who want to put something back into the community. Although unpaid they get a great deal of satisfaction from being able to contribute at a strategic and policy level to the education and skill training of students of all ages and feel rewarded by their achievements and successes.

The main business of the Governing Body is to determine the educational character of the College and ensure its overall wellbeing and financial solvency. Generally, it is responsible for the overall policies and strategy of the College including the quality of the service to its students and their welfare, the financial health of the college, the proper use of public funds, and for ensuring effective management.

2. Composition of the Colchester Institute Board

The Governing Body determines its composition within the parameters set out in the Instrument of Government. It currently comprises a total of 16 members, including the Principal, two staff members and two student members.

The staff members are elected by the staff of the College. There is one academic staff member and one support staff member elected by the academic staff and support staff respectively.

The student members are the President a Vice President of the Students’.

There will also be an opportunity to meet with the Principal and Clerk and see more of the facilities and activities. The Panel will select the person who most closely meets the specified criteria for recommendation to the Board for appointment. Where the number of candidates exceeds vacancies at that time the Panel may wish to hold your details pending an appropriate vacancy, and will notify you that your nomination will go forward as and when possible.

5. **Terms of Office**

Appointments are normally for a four year term of office which is renewable. However re-appointment for third or subsequent terms is the exception rather than the rule.
