

# University Centre Colchester (UCC)

## Staff Profile

The content below, and the accompanying profile image, will be used for the purpose of documenting your work at UCC, as well as promoting UCC's academic provision. This includes, but is not limited to, print (such as leaflets and prospectuses) and digital fora (such as on the College's website), as well as by external organisations authorised by UCC.

The College will retain and use the information and image(s) for the purpose(s) outlined above for the period you are an employee of Colchester Institute.

Name:	Brenda Rich
Job title/role:	Lecturer in Construction
Subjects taught/administrative responsibilities:	Brenda teaches the following modules: Construction Management Dissertation; Corporate Management and Finance; Health, Safety and Welfare; Information and Communication Skills; Principles of Management; Procurement, Tendering & Estimating; Production of Buildings; Project Appraisal & Analysis; Project Management; Research Skills; Supply Chain Management; Sustainable Building Design
Qualifications and Membership of Professional bodies: (At degree level: subject and level only; no dates required).	BA (Hons) Business, University of Greenwich PGDip Quantity Surveying, London South Bank University
Experience in Education: (where you studied/ have taught/ have worked)	Before taking up her current lectureship at University Centre Colchester, Brenda taught in the Business Faculty at Colchester Institute. Before this, Brenda began her teaching experience as a supply teacher in the Essex and London region.
Biography and personal interests: (50-75 words) NB: As part of your profile page, UCC may wish to record a short video interview with you for inclusion on the website.	After training as a surveyor, Brenda's business background gave her the ability to progress into commercial management. She has worked in the Construction & FM industry since 2005. Her dual background in business and construction has given Brenda a wealth of knowledge in all aspects of customer focused relationship management, bid management and commercial operations, all of which she draws on in her teaching. Her portfolio of work has consisted of large-scale projects to the value of at least £500m. Projects have included The Queen Elizabeth II Olympic Park and the Ministry of Defence site of Colchester Garrison. Brenda has particular interest in, and expertise of, historical buildings and techniques, which drives her passion for construction as a subject.
Professional practice / research interests: NB: If you wish to do so, please submit separately up to three examples of your work, which you would be happy to see published on your UCC staff webpage. This may include past conference papers, links to publications (if not included in this section), filmed/recorded performances, or visual images.	Conservation Courses and Lectures Lecture Programme 2016 - Crossing Temple Barns - Restorative / conservative forms of building methods  Lecture Programme 2016 - Crossing Temple Barns - Heritage construction skills – Timber frame repairs  Lecture Programme 2017 - Crossing Temple Barns - Historical architecture - Identification and dating
