

You are invited to a
TWILIGHT OPEN EVENING
Colchester Institute - Braintree Campus

30th March 2023, 5.30-6.30pm

Hello!

Thank you for applying to study at Colchester Institute from September, we are so pleased that you have chosen us, but did you know that we run the same course at Braintree too?

Have you seen our new Braintree Campus yet? It has been totally redeveloped in the last four years with new buildings, new equipment, new technology and new facilities which makes it a great place to study. Set on the banks of the River Blackwater our study spaces provide peaceful views of the river, green space and trees, as you can see overleaf.

We can see from your address that it might be more convenient for you to study at our Braintree Campus rather than travel to Colchester so we would like to invite you to our exclusive Twilight Open Evening at the Braintree Campus to see the facilities for yourself.

You will be able to meet the Principal and Senior Leadership Team, talk to our expert tutors, and have a campus tour to see the benefits of study in our state-of-the-art workshops, salons, classrooms and cutting-edge digital media hub. Parents/carers are also invited!

Thursday 30th March 2023

5.30 – 6.30pm

**Colchester Institute - Braintree Campus
Church Lane, Braintree, CM7 5SN**

Important note: You are under no obligation to change your choice of campus following this event. If your preference is still the Colchester Campus then that is absolutely fine, but why not come along to see our great facilities, you have nothing to lose!

Please RSVP online by
